STERLING METALS ANNOUNCES CLOSING OF PRIVATE PLACEMENT OF UNITS

March 25, 2025 – Toronto, Ontario – Sterling Metals Corp. (TSXV: SAG, OTCQB: SAGGD) (“Sterling” or the “Company”) is pleased to announce that, further to its press releases of March 4, 2025, March 12, 2025 and March 17, 2025, the Company has closed a non-brokered private placement through the issuance of 6,082,000 units (each, a “Unit”) at a price of \$0.25 per Unit for aggregate gross proceeds of \$1,520,500 (the “Offering”). Each Unit is comprised of one common share (each, a “Common Share”) in the capital of the Company and one-half of one Common Share purchase warrant (each whole warrant, a “Warrant”) of the Company. Each Warrant entitles the holder thereof to acquire one Common Share at a price of \$0.40 per Common Share for a period of two (2) years from the closing of the Offering.

In connection with the Offering, the Company paid certain eligible persons (the “Finders”) a cash commission of \$8,250 equal to 6% of the gross proceeds of the Offering and issued 33,000 broker warrants (each, a “Broker Warrant”) equal to 6% of the number of Units issued pursuant to the Offering. Each Broker Warrant entitles the holder thereof to acquire one Common Share at a price of \$0.40 per Common Share for a period of two (2) years from the closing of the Offering.

All securities issued pursuant to the Offering will be subject to a hold period of four months plus a day from the date of issuance and the resale rules of applicable securities legislation. The net proceeds from the sale of the Units will be used for general working capital purposes. The closing of the Offering is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals, including the approval of the TSX Venture Exchange.

The Offering constituted a related party transaction within the meaning of TSX Venture Exchange Policy 5.9 and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”) as insiders of the Company subscribed for an aggregate 400,000 Units pursuant to the Offering. The Company is relying on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(b) and 5.7(1)(a) of MI 61-101, as the Company is not listed on a specified market and the fair market value of the participation in the Offering by insiders does not exceed 25% of the market capitalization of the Company in accordance with MI 61-101. The Company did not file a material change report in respect of the related party transaction at least 21 days before the closing of the Offering, which the Company deems reasonable in the circumstances in order to complete the Offering in an expeditious manner.

This news release does not constitute an offer to sell or a solicitation of an offer to sell any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”) or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Sterling Metals

Sterling (TSXV: SAG and OTCQB: SAGGD) is a mineral exploration company focused on large scale and high-grade Canadian exploration opportunities. The Company is advancing the 25,000-hectare Copper Road Project in Ontario which has past production, and multiple breccia and porphyry targets strategically located near robust infrastructure and the 29,000-hectare Adeline Project in Labrador which covers an entire sediment-hosted copper belt with significant silver credits. Both opportunities have demonstrated potential for important new copper discoveries, underscoring Sterling's commitment to pioneering exploration in mineral rich Canada.
